

# WCT-S6

## Finger Vein Authentication POS

- PCIPTS 5.1 Certified, EMV L1/L2 Certified
- Android 7.0 Security Payment OS
- Supports 4G LTE WIFI, Bluetooth, Contactless/NFC, GPS
- Fingerprint and Vein Options Available for Verification
- 5800 mAh Lithium Ion Battery
- 4 PSAM Card Slots, 2 SIM Card Slots
- 8 Mega Camera, Barcode Scanner

### Wireless Verification Terminal

WCT-S6 is a four core Android OS smart POS terminal with differentiating security method of latest finger vein module which makes it bring you highest security level.

WCT-S6 is a powerful terminal with ID, vein and facial recognition modules, which enables us to integrate with Security Access, ID verification, MOC purpose. This terminal is targeted to verification and payment industry.

WCT-S6 is also embedded with secure element to be able to pass EMV and PCI certification. With fully loaded comm module and various verification options, it can meet various purposes and scenarios for verification and transactions. This terminal is equipped with Android 7.0 and delicate touch display to maximize the customer experience and provide more colorful application features beyond your expectation!

5800mAh

120 hours

500 transactions

## FINGER VEIN AUTHENTICATION

It is highly accurate and safe

## HIGH SECURITY

High security processor+4 core cortex-A53 processor

## COMMUNICATION

WIFI Bluetooth 3G 4G GPS

## LARGE RECHARGEABLE BATTERY

Continuously work for 20 hours

## FULL TOUCH OPERATION

5.5' Touch Display  
Fully Video Capable

## EMV

Level 1 & Level 2  
Contact & Contactless

## Specification

Processor	4 core ARM Cortex-A53
Memory	1GB RAM + 8GB Flash 2GB RAM+16GB Flash
OS	Android 7.0 Security Payment OS
Contactless Card Reader	NFC 13.56 MHz, Support ISO/ IEC 14443 Type A&B, Mifare
Smart Card Reader	EMV & PBOC Compliant
Magnetic Card Reader	Triple-track bi-directional, ISO 7810 Compliant
Certification	EMV Contact L1 &L2, EMV Contactless L1, PCI PTS 5.X, CE, RoHs
Thermal Graphic Printer	Paper Width58mm, φ40mm, 85mm/s
Biometric Module	Capacitive Fingerprint Module, FBI Certificated (Optional)
Display	5.5"( 1280*720) capacitive color touch screen; signature capture, video capable
Communication	4G: TD-LTE/ FDD-LTE 3G: TD-SCDMA/ WCDMA/ CDMA2000 2G: EDGE/ GPRS
GNSS	Support
Security Features	DES,TDES, AES, RSA, ECDSA
Keypad	Virtual Keypad
Audio	Digital Audio Speaker, Microphone
Card Slots	4 PSAM Slots, 2 SIM Slots
Bluetooth	4.1 LE, 2.4GHz ISM 2402MHz~2480MHz
WIFI	802.11b/ g/ n WLAN
USB	Micro USB, Support OTG, Data Transfer, Recharging
Camera	8Mega, CMOS, AF, JPEG picture, Video Support Bar code and QR code
Battery	Rechargeable, 3.7V, 5800mAh
Dimensions Weight	203mm*85mm*53mm, 480g(With Battery)
